

NORA

PRODUCT SYNOPSIS

NORA is FTL based street light fixture designed to fulfill the outdoor requirements. Its design attribute makes it futuristic yet an elegant product, It encompasses both functional requirement and decorative values. Which makes it perfect product from GE family.

Specification

- Powder coated Aluminum coated housing and frame with streamline design features, makes NORA futuristic.
- Exclusive thermoformed clear acrylic diffuser for maximum light output to create bright ambience.
- With the presence of effective sealing it restricts the ingress of dust & water in to luminaire, and is IP54 rated.
- Confirms to IS 10322 / Part5/ Section 3.
- Basic versions of NORA works on 14 Watt, 24 Watt FTL in both one and two lamp version.
- Options are also available in New grey and Steel grey with wrinkle finish colors.

Easy Installation

Acrylic with seven SS toggles makes sure rigid and tight fit against housing. In addition to this a hinge toggle makes it easy to install and maintain the lamp inside the luminaire compartment. In addition to this removable gear tray will aid in maintenance of electrical accessories.
